

WRECK PACK

September 10-12, 2010

WHAT IS IT?

Concentrated program combining three PADI Specialty courses focused on increasing a recreational diver's enjoyment and safety in independently planning and conducting wreck dives.

WHERE CAN I GO WITH IT?

Offered in conjunction with Splash trips to Hatteras, North Carolina, which are recommended, but not required
Satisfies several requirements towards PADI Master Scuba Diver certification

WHAT DOES IT COST?

Regular pricing:	Take Two Courses: SAVE \$25
Deep Diver - \$195	
Enriched Air Diver - \$105	Take All Three: Receive \$50 in-store credit
Wreck Diver - \$195	(redeemable towards any
TOTAL - \$495	merchandise or trip)

* Pricing includes tanks and air fills, including Nitrox fills for Enriched Air students. Not included: Training books/DVDs, Equipment rental (although \$50 student weekend equipment package is available), Millbrook admission.

DETAILS

Six dives will be conducted at Lake Millbrook, three on Saturday and three on Sunday. Depending on which Adventure dives were completed by each student during previous training, up to two additional dives may be necessary to complete the Deep and Wreck specialty certifications; the additional dives may be conducted on a Splash trip to North Carolina or elsewhere or at Millbrook by arrangement with the instructor to meet the student's schedule. For divers taking fewer than all three specialties, the Millbrook dives will be organized to accommodate student needs based on class composition. Knowledge Development will be completed through independent study and through two evening sessions at Splash, one on Tuesday for Enriched Air and one on Friday for Deep and Wreck, with remaining knowledge development completed at the dive site. Divers must hold Adventure Diver or Advanced certification for Deep and Wreck Specialties, but if you don't have that certification yet, we can accomplish that with an extra dive.
