25 June 2009

Janet and David Hays, members of the national capital area diving community since 2001, have purchased Splash Dive Center. We are thrilled to have this opportunity to work again with many of the people that we met when first became SCUBA diving instructors in Ron Carmichael's Instructor Development Course. In addition, we hope to share our love for diving and the underwater environment with as many people from Northern Virginia, Washington D.C., and Maryland as we can. Our travels have taken us from Bahamas to Yap and hundreds of dive sites in between, but it is the individuals that we have been fortunate enough to meet that made us want to focus our energies and resources into the Splash "family" that has been nurturing divers for over 18 years. Please stay tuned for updates, but do SAVE THE DATE of August 1, between 3 and 6 PM, for our grand reopening party at the shop. Renewed inventory, door prizes galore, and refreshments will be ready to you to enjoy!
